

A diagram illustrating a robot's field of view and blind spot. A gray rectangular robot is positioned horizontally. A large, light blue inverted triangle originates from the robot, representing its field of view. A smaller, red-shaded area at the front of the robot represents its blind spot. The text 'Zone morte' is placed within the red area, and 'Robot' is placed on the robot's body. An arrow points downwards from the robot's front, and the text 'Zone de vue' is placed within the blue area.
